Dear Mr. Gruenburg,

Please attend this vital hearing involving Bank of Walmart.

I think letting Walmart start a chain of banks is wrong!

Look at what Walmart has done to our small businesses in this country. Look at what this country has always stood for and what it is becoming.

We the people of the United States, want to continue to state we are PROUD TO BE AMERICANS! If Walmart gets any bigger, this country will not be what it has always been..... a country where you can live out your dreams and live a prosperous happy life!!

Please help to keep this counrty a place people want to be part of!!

Sincerely,

Barb Bruns
